

## Shopping in Winnipeg

Winnipeg is a beautiful town and it has also nice shopping malls.

For example Polo Park shopping mall; is nice it has 47 stores inside, every store have sale ~~on~~ clearance for this season.

Now you can find nice clothes from \$5 Canadian dollars, and you can find also a special area of restaurants in the second floor.

The storekeepers are very friendly and they can help you to take a good decision when you are buying something.

In Colombia my country you can visit many shopping malls also. The best mall is Atlantis centre, is very nice it is in Bogota.

In Atlantis the storekeepers are very friendly and all time they are smiling for you.

The difference between Bogota and Winnipeg is Bogota is cheaper than Winnipeg.
